

- 1** Access the Google Chrome menu on the toolbar. The menu on the toolbar is at the top right of your browser.

2 Choose "Settings."

- 3 Find "Show advanced settings" at the bottom of the page and click it.

4 Under "Privacy," click on "Content settings."

- Run automatically (recommended)
- Click to play
- Block by default (You can manually run a blocked plug-in at any time.)

wikiHow to Disable Popup Blockers

5 In the "Pop-ups" section, choose "Allow all sites to show pop-ups."

6 If you want to choose which websites to allow and still keep the blocker functionality, under the Pop-ups section, choose "Manage exceptions" instead. Write down a list of websites you don't want Chrome to automatically block.
